

Frequently asked questions

Ensemble on verdict Campaign 2024

These Frequently Asked Questions have been developed for municipalities participating in the *Ensemble on verdict* campaign for tree planting and replacement. The questions below have been developed to assist municipal staff in answering them for citizens.

What is the residential tree planting and replacement service on the territory?

Ensemble on verdict, a GRAMME initiative, is a residential greening campaign that allows citizens to plant or replace a tree on their property, all at a competitive price! For more information, visit ensembleonverdit.org, or contact the GRAMME at ensembleonverdit@grame.org.

What can I do if I want to plant a different species than the ones offered?

First of all, you need to verify that you are eligible to plant that species - in the case of a tree replacement, the City may require you to plant the same species. Second, the species offered on the *Ensemble on verdict* site are those subsidized by the City. If you want a different species and are allowed to plant it, you can always buy it from a nursery.

What is the difference between *Ensemble on verdict* and *A Tree for my Neighbourhood (Un arbre pour mon quartier)*?

The *A Tree for my Neighbourhood* campaign is another residential greening campaign organized by the Soverdi and the Regroupement des Éco-quartiers. This campaign focuses on the planting of new trees, with an average height of 1.5 m, and not on replacement. The *Ensemble on verdict* campaign includes tree replacement and a variety of sizes for new trees. Here are the services offered by the *Ensemble on verdict* campaign by territory:

- Dollard-des-Ormeaux - replacement and new trees
- Dorval - replacement and new trees
- Kirkland - replacement
- Pincourt - replacement

- Côte Saint-Luc - replacement
- Beaconsfield - replacement and new trees
- Baie-D'Urfé - replacement and new trees
- Senneville - new trees
- Mont-Royal - new trees
- Lachine - replacement
- Laval - new trees

What if I can't make the planting day or want to change the date?

The City is not responsible for delivery or planting. If you have any questions about the delivery service, please contact the GRAME at ensembleonverdit@grame.org or 438.505.8378. You do not need to be present for the planting of your tree, but you must have clearly identified the planting location with a stake or other object and ensure access to the planting site. Upon purchase, you will receive instructions on how to prepare for the GRAME planting.
