TOWN OF
MOUNT ROYAL

**IT'S BACK-TO-SCHOOL TIME
AND THE SEASON FOR DELICIOUS HARVESTS!**

DON'T MISS IT!

Join us at Connaught Park on **Saturday, September 20**, from **11:00 to 16:00** for our **Fall Fair!** It's a festive celebration of the new season with fun activities for all ages. Mark your calendars — you won't want to miss this community event!

THERE'S STILL TIME TO ORDER A TREE WITH GRAME BEFORE THE END OF THE SEASON!

For the second year in a row, the Town of Mount Royal has been taking part in Ensemble on verdict, a residential greening campaign led by GRAME (Groupe de recommandations et d'actions pour un meilleur environnement). Through this initiative, residents can plant a tree on their property at a reduced cost—thanks to a limited subsidy offered by the Town (one tree per address, while supplies last). To order, visit their online store at <https://eov.grame.org/en#/>.

THERE'S STILL TIME TO ENJOY THE MOUNT ROYAL PUBLIC MARKET THIS SUMMER!

Until September 25, stop by Connaught Park every Thursday from 15:00 to 19:00 to discover a wonderful selection of passionate local producers and artisans, all in a warm and welcoming atmosphere at the heart of our Garden City.

MOUNT ROYAL MUNICIPAL COUNCIL MEETINGS CALENDAR 2025

The municipal council meets monthly, on a Tuesday. Sessions are held at 19:00 in the Schofield Hall at Town Hall, 90 avenue Roosevelt.

It is possible to find the transcripts for the mayor's introductions during the meetings in the News section of the Town's website. Town Council meetings are also available for replay. Recorded in video format, the sessions are relayed on the Town's YouTube channel: www.youtube.com/@youtown001, or use this QR code with your cell phone:

August 26 September 16 October 2 November 25 December 16

Message from the Mayor

BACK TO SCHOOL AND MOVING FORWARD

Back-to-school season is well underway in TMR, and I'd like to take this opportunity to share several important projects and initiatives that will shape our fall and beyond.

Construction of the Community and Sports Centre (CSC)

We are proud to announce that construction has officially begun on our long-awaited Community and Sports Centre. This marks a major milestone for our community. To follow the progress, I invite you to consult page 4 of this magazine or visit the "Major Projects" section on our website or scan the QR code at the end of this page.

New Municipal Building on Roosevelt Avenue

The reconstruction of 10-20 Roosevelt Avenue is set to begin in the coming months. This new facility which will become 30-40 Roosevelt, will house our fire station and the offices of Technical Services, Urban Planning, and Public Security. It is a critical project for maintaining the quality and safety of services provided to residents. Let's remember that our firefighters are often the first to respond in case of an emergency—this investment directly supports their vital work.

Improving Road Safety

The Town continues to prioritize road safety and quality of life across all neighbourhoods. Measures being implemented include:

- Elongated speed bumps
- Curb extensions
- Protected bike lanes
- Standardizing the speed limit to 30 km/h around schools and parks

These interventions are thoughtfully designed to prevent shifting traffic issues from one area to another. Regardless of how or where you travel in TMR, our goal is a safe and enjoyable environment for all.

Preparing for the REM's Arrival

The arrival of the REM along the Deux-Montagnes line will bring changes to mobility in our Town. We expect increased traffic and pressure on parking near the station. The Town is preparing accordingly and

will adapt as the situation evolves. We also continue to support residents living near the tracks in their request for reduced visual and noise impacts from the REM. Meanwhile, construction on the two pedestrian bridges is nearly complete. This fall, a call for tenders will be launched for the installation of a green wall next spring—a project that will also incorporate sustainable stormwater management.

Adapting to Climate Challenges

Climate resilience remains a key priority. The future reconstruction work on Plymouth Avenue will include a new retention basin and vegetated strips to improve rainwater management. In parallel, the Town is refining its broader action plan to tailor solutions to each sector's specific challenges. Additionally, Town Council recently amended zoning bylaw no. 1441 to limit hard surfaces in backyards and encourage more greenery—an important step in helping Mount Royal adapt to increasingly intense rainfall events.

Wishing You a Safe and Smooth Return to Routine

In closing, I wish you and your family a smooth, pleasant, and above all safe back-to-school season. Let's continue working together to build a resilient, inclusive, and vibrant Garden City.

Warm regards,

Peter J. Malouf

peter.malouf@town.
mount-royal.qc.ca

GROUNDBREAKING CEREMONY FOR THE MOUNT ROYAL COMMUNITY AND SPORTS CENTRE

On Wednesday, July 9, 2025, the Town of Mount Royal reached a significant milestone with the official groundbreaking ceremony, marking the launch of construction for its future Community and Sports Centre (CSC).

For the occasion, representatives from the consortium *Équipe Sports et Communauté VMR*, led by *Groupe Geyser Inc.* and *Groupe Axor Inc.*, joined Mayor Peter Malouf, several members of Town Council, and municipal staff to highlight this historic moment.

The initial phase of work includes excavation, pile driving, and the construction of the building's foundations and structure. The construction schedule will run from Monday to Friday, 7:00 to 19:00, and possibly on Saturdays from 9:00 to 17:00. Nearby residents should expect some inconveniences such as dust, noise, and truck traffic. Please note that progress on the site may vary depending on weather conditions.

A Project That Lives Up to Expectations

Carried out under a design-build model, the project will include all the features from the original program, such as modern aquatic facilities, a large gymnasium, art studios, multiple fitness rooms, dedicated spaces for youth and seniors, as well as areas for gatherings and community services. The Centre is designed to meet the needs of a diverse population, with a focus on accessibility, quality, and community vitality.

Watch the replay of the public presentation on the Town's YouTube channel.

To view the full winning project presentation and learn more, visit the Major Projects page of the Town's website.

ARE YOU SIGNED UP TO THE CodeRED?

CodeRED is a high-speed telecommunication system that allows us to reach you quickly by phone, email, and text messaging in the event of a major disaster. Its use is reserved for critical situations. The number that will appear on your caller ID is **1 866 419-5000**.

To sign up, visit www.ville.mont-royal.qc.ca/en and click on the "Find out More" button in the CodeRED section on the homepage. Then, fill out the registration form found on the page. If you are unsure whether you are registered, please register as a precaution. The system automatically deletes duplicate entries.

72 HOUR KIT: BE READY IN CASE OF AN EMERGENCY!

In a serious emergency, you will need certain basic supplies so that you can be self-sufficient for at least 72 hours. You may have to cope without electricity or running water. In a serious situation like this, it is wise to have an emergency kit on hand. Here is a list of basic supplies that it should contain:

A basic emergency kit includes the following items:

Water – Two liters of water per person per day

Food – Non-perishable foods such as canned goods, energy bars and dehydrated foods

Hand-held can opener – Hand-cranked or battery-powered flashlight and radio – Spare batteries

First Aid kit and special-needs items – Extra keys for car and home

Cash – Emergency plan

You can visit the Government of Canada's website for an informative video explaining in greater detail how to make your own kit at <https://www.getprepared.gc.ca/cnt/kts/index-en.aspx>.

Information: www.getprepared.gc.ca 1 800 O-Canada (1 800 622-6232)

MESSAGE FROM THE TOWN MANAGER

MOUNT ROYAL IN CELEBRATION, FROM JUNE TO SEPTEMBER

This summer, our Town came alive with the rhythms of art and music. It all began in late June with SummerFest, a festive and unifying event for all generations. Inflatable games, face painting for children, bumper cars, family activities, and plenty of laughter filled the day, leading up to a colourful finale with a lively Latin dance show that kept the crowd moving until the very end.

Every Thursday evening throughout the summer, Connaught Park became the must-visit gathering place of the Garden City. Following the farmers' market, the open-air stage came to life with musical concerts and theatre performances that delighted lovers of the performing arts. These evenings, appreciated for both their friendly atmosphere and the quality of the artists, confirmed that our community truly enjoys coming together to share beautiful cultural moments.

And it's not over yet! As we head into the fall, we invite you to keep the momentum going at our Fall Fair. This year, it will take on the popular "western" theme. On the program: upbeat country rhythms, dancing, food, warm company, and guaranteed fun for the whole family! A must-attend event to extend, just a little longer, the warmth and joy of our summer.

The Western Fall Fair will take place on **Saturday, September 20, from 11:00 to 16:00**, at Connaught Park.

Happy back-to-school season to all!

Ava Couch, Town Manager
townmanager@town.mount-royal.qc.ca

NEW REGULATIONS FOR PRIVATE SNOW REMOVAL CONTRACTS

Last winter, the Town observed that some snow removal contractors using trucks equipped with front shovels continued to push snow onto public roads (sidewalks and streets) after clearing it from private driveways.

This illegal practice forces, this practice forces municipal crews to start their work all over again, considerably slowing down snow removal operations in the Town and causing significant irritation for residents.

Following this end-of-season observation, the Town decided to modify by-law no. 1432. The purpose of this amendment is to gradually increase the use of snowblower-equipped vehicles at the expense of shovel-equipped vehicles.

The snow removal contractors who do business with the Town's residents will receive an explanatory letter setting out the changes they will have to comply with for the 2026-2027 season, if they wish to obtain their permit.

Explanatory documents to help understand the details of the changes required will be posted on the Town's website later this Fall. If you have any questions about snow removal, please contact Public Security at **514 734-4666** or by email at

publicsecurity@town.mount-royal.qc.ca.

RESIDENTIAL POOLS: ENSURE COMPLIANCE BY SEPTEMBER 30, 2025

A secure pool means greater peace of mind — and fewer risks.

Residential pools continue to pose a serious drowning risk for young children, especially when they are not properly supervised or adequately secured.

Since July 1, 2021, the provincial residential pool safety regulation applies **retroactively to all pools and spas in Quebec, with no exceptions**. In Mount Royal, **all pool and spa owners must ensure their installations comply with current safety standards by September 30, 2025**.

This deadline is fast approaching, and it's important to take action now to avoid non-compliance. The goal of the regulation is simple: **make pools safer by requiring a secure enclosure to limit access and help prevent drowning incidents**.

If you have any questions or are unsure about your installation's compliance, please contact the Urban Planning and Development Division:

urbanisme@ville.mont-royal.qc.ca 514 734-3042

Thank you for your attention and cooperation.

STORMWATER MANAGEMENT: THE TOWN TAKES ACTION WITH ITS THREE-YEAR PLAN 2024-2027+

Developed in 2024, the Town's three-year action plan 2024-2027+ for stormwater management reflects a strategic and sustainable shift in the way municipal infrastructure addresses the challenges associated with the sewer system. The plan is divided into three phases: short term (2024-2025), medium term (2025-2026) and long term (from 2027).

Concrete achievements for 2024-2025

Several actions have already been implemented since the launch of the plan. Among the most notable are:

- **Calibration of the hydraulic model:** this essential step was successfully completed.
- **Master plan for stormwater management:** a mandate has been launched to analyze innovative solutions, including pilot projects. Work is in progress.
- **Regulatory review:** a revised by-law adopted in July 2025 (No. 1441) refers to an increase in the percentage of vegetation cover on private properties. (See the following text).
- **Network maintenance:** regular operations such as pipe and sump cleaning, as well as the inspection of manholes, are being actively pursued.
- **Revised projects:** several urban projects, including those on Plymouth Street, Bates Street and the Montgomery/Churchill intersection, were temporarily suspended to incorporate sustainable stormwater management measures.
- **Citizen awareness campaign:** students from the Urban planning department visited nearly 500 homes to raise awareness and check the compliance of gutter installations.

Addition of a linear retention basin under Plymouth Avenue

As one of the key initiatives in the plan, the Town will be installing a **rainwater retention basin** under the Plymouth Avenue roadway, as part of major reconstruction work.

With a capacity of **1,000 m³**, or the equivalent of **17 residential swimming pools**, this basin is designed to temporarily store rainwater before gradually releasing it into the sewer system. This approach not only reduces the risk of overloading but also helps to protect upstream streets from flooding. The basin will be complemented by vegetated strips laid on the surface to naturally capture and filter rainwater before it flows into the underground basin. A green and discreet solution that will prove an ally during periods of intense rainfall.

URBAN GREENING: AN ALLY AGAINST TORRENTIAL RAIN AND HEAT ISLANDS

As episodes of intense rainfall become increasingly frequent with climate change, Mount Royal is incorporating a simple and effective solution into its stormwater management action plan: urban greening.

Large, paved surfaces – such as parking lots, concrete driveways or mineralized backyards – prevent rainwater from infiltrating naturally into the ground. The result: water accumulation, overloaded sewers and sometimes even flooding. By replacing part of these surfaces with vegetated areas, it is possible to considerably reduce the pressure on the sewer system while limiting the risk of material damage.

Simple measures with tangible effects

Trees, shrubs, lawns and green strips play a crucial role in managing rainwater. As well as absorbing rainwater, they delay its flow towards the sewers, which helps prevent overflows. This greening also contributes to reduce the heat island effect and increase the urban resilience in the face of climatic hazards.

By-law changes for a greener Town

The Town has adopted new environmental standards and amended its zoning by-law (No. 1441) to encourage residents to reduce the amount of mineralized land on their properties. The Town Council is inviting residents to contact the Urban Planning Department with any questions they may have, so that they can fully understand the measures to be put in place.

An example of a simple measure to adopt is the addition or increase of green strips at property boundaries. A 60-centimetre strip of vegetation can make a significant difference. On a neighbourhood scale, a 2-metre strip at the back of properties could make a major contribution to transforming the urban environment. For this green shift, the municipality is also encouraging the use of indigenous plants and resistant ground cover, which require little maintenance while maximizing ecological benefits.

Information: urbanplanning@town.mount-royal.qc.ca

BIKE NETWORK UPDATE: MARKINGS COMPLETED ON GRAHAM

Improvement work on the bike network is progressing well in Mount Royal. All the markings planned for this phase of the project have been completed, notably on Graham Boulevard, where a dedicated bike lane in each direction is now clearly delineated. This stretch, between Glengarry and Lombard Avenues, is now safer and more intuitive for all users, with enhanced markings at intersections.

These improvements reflect a clear intent to make the cycling network safer, better connected, and more enjoyable to use—for cyclists, scooter users, and pedestrians alike. They are especially aimed at securing active transportation by reducing conflicts between different road users.

To learn more about the ongoing and upcoming interventions, we invite you to watch the explanatory video produced by our Technical Services team, available on our website. You'll find details on the various construction projects and the technical solutions implemented to improve active mobility.

VILLEMO, THE TOWN'S NEW VIRTUAL ASSISTANT, IS NOW ON OUR WEBSITE!

Have a question about the Town of Mount Royal? **Click the orange bubble at the bottom right corner of your screen** to chat with Villemo. Available 24/7, this new tool helps you get quick answers about municipal services, schedules, regulations, and much more.

Villemo is powered by ChatGPT, but it has been customized specifically for Mount Royal. It only searches through the information available on our **current municipal website**, ensuring answers are accurate, relevant, and up to date.

Try it now at www.ville.mont-royal.qc.ca/en!

The Town of Mount Royal is currently recruiting election staff for the 2025 municipal elections. Work days are scheduled for October 24, 25 and 26, and November 2, 2025. Various positions are available, with remuneration ranging from \$ 200 to \$ 400/day, depending on the role.

A short mandatory training session will be provided on a weeknight between October 20 and October 30, 2025, depending on the position. Experience in election or referendum work is an asset, but not a requirement. Functional bilingualism is required.

If you are interested, complete the job application available on the Town's website. Selected applicants will be contacted during the months of September and October. For further information, contact us at 514 734-3012 or by email at election@ville.mont-royal.qc.ca. Welcome to everyone!

ARE YOU REGISTERED ON THE BCITI+ APP YET?

You can now download the BCITI+ app for free and start receiving texts and email notifications! Municipal news, sports and cultural events and the schedules for municipal buildings will be more accessible than ever thanks to this technological solution. BCITI+, the best way to stay connected to your Town.

OUTDOOR WATERING: DO YOU KNOW THE SCHEDULE?

In line with the Town's sustainable development plan, the establishment of an outdoor watering schedule is essentially aimed at reducing water consumption and minimizing waste. See the watering schedule below, applicable yearly, from May 1 to October 1:

	EVEN-NUMBERED Addresses	ODD-NUMBERED Addresses
AUTOMATIC WATERING	Even-numbered days from 3:00 to 6:00	Odd-numbered days from 3:00 to 6:00
MANUAL WATERING	Even-numbered days from 6:00 to 8:00 and from 18:00 to 22:00	Odd-numbered days from 6:00 to 8:00 and from 18:00 to 22:00

HIGHLIGHTS OF THE FINANCIAL REPORT AND THE EXTERNAL AUDITOR'S REPORT - 2024 FISCAL YEAR

Dear Fellow Residents,

I am pleased to share with you an overview of the Town’s financial results for the fiscal year ending December 31, 2024. This summary is provided in line with section 105.2.2 of the *Cities and Towns Act*. Each year, this report is presented at a regular Council meeting before the end of September and made available to everyone in our community.

Overview

The Town of Mount Royal ended its 2024 fiscal year with an operating surplus for fiscal purposes of \$9.4 million.

Operating revenue	\$128,555,542
Operating expenses	(\$129,065,627)
Amortization of capital assets	\$7,770,604
Repayment of long-term debt	(\$5,396,192)
Appropriations	\$7,180,677
Other reconciliation items	\$8,717
Operating surplus for the year for fiscal purposes	\$9,353,721

Expenses and Revenues

The \$9.4M surplus is due to higher revenue than in the budgeted estimates, and savings on certain operating expenditures for fiscal year 2024.

Overall operating revenue totalled \$128.9 million, which is \$4.4 million more than the initial budget. This positive difference is largely due to additional revenue from property transfer tax, higher interest income than we anticipated, and slightly higher tax revenue. Meanwhile, revenue from building permits and recreational and cultural activities was lower than anticipated.

The Main Differences in Revenue Compared to the Budget are:

- Property transfer tax: +\$2.8M (Budget: \$6.6M | Actual: \$9.4M)
- Interest revenue: +\$1.2M (Budget: \$2.2M | Actual: \$3.4M)
- Tax revenue: +\$0.7M (Budget: \$103.1M | Actual: \$103.8 M)
- Building permits: -\$0.3M (Budget: \$2.8M | Actual: \$2.5M)
- Recreation, sport and culture: -\$0.5M (Budget: \$2.3M | Actual: \$1.8M)

Another important factor contributing to the positive financial result for the fiscal year was that operating expenses were lower than initially projected. Prior to amortization, operating expenses totalled \$126.7 million, representing a reduction of \$3.5 million compared to the budget estimate, or a decrease of 3.1%. The biggest savings were related to staff compensation and more limited use of external professional and technical services.

The Main Differences in Revenue Compared to the Budget are:

- Overall remuneration and employment benefits: savings of \$3.1M (Budget: \$31.5M | Actual: \$28.4M)
- Professional and technical services: savings of \$1.6M (Budget: \$8.8M | Actual: \$7.2M)
- Purchase of materials: savings of \$0.4M (Budget: \$1.7M | Actual: \$1.3M)
- Equipment rental: savings of \$0.2M (Budget: \$0.8M | Actual: \$0.6M)
- Building maintenance: overrun of \$0.3M
- Provision for claims: increase of \$1.6M

Capital Assets

In 2024, the municipal government invested \$13.3 million in capital assets to improve infrastructure, equipment and services.

Category	2024
Reconstruction, repair and resurfacing of streets and sidewalks	\$4,625,210
Repair of the Côte-de-Liesse viaduct	\$2,917,122
Repair of artificial soccer fields	\$1,101,729
Renovation of 10/20 Roosevelt, which will become 30/40 Roosevelt	\$896,261
Construction of a platform between Cornwall Bridge and Graham/Laird Bridge	\$803,706
Construction of the Community and Sports Centre	\$565,547
Water main and sewer rehabilitation	\$499,411
Vehicle replacement – Public Security and Public Works Departments	\$378,986
Replacement of lighting in tennis courts and sports facilities	\$332,783
Equipment for the Public Works Department	\$264,465
Computer equipment	\$194,507
Municipal building renovations and improvements	\$175,035
Greening of the Bates-Ekers area	\$107,167
Purchase of an ice resurfer	\$146,983
Reforestation along the train tracks	\$50,020
Installation of a Bixi station	\$77,079
Replacement of streetlights in the residential area	\$73,460
Repair of rubber tennis courts	\$42,168
Installation of charging stations	\$38,365
TOTAL INVESTMENT	\$13,290,004

Accumulated Surplus, Financial Reserves and Earmarked Funds

As at December 31, 2024, the total of accumulated surplus, financial reserves and earmarked funds was \$41.7 million, broken down as follows:

Category	2024
Non-appropriated operating surplus	\$9,622,651
Appropriated operating surplus	\$27,790,656
Financial reserves	\$2,154,619
Earmarked funds	\$2,156,837
TOTAL	\$41,724,763

Debt

As of December 31, 2024, the Town's long-term debt amounted to \$58.2 million. After accounting for investments to be financed, subsidies receivable, and scheduled repayments, the net long-term local debt stood at \$59.2 million. This represents just 0.45% of the standardized property value, reflecting prudent financial management.

External Auditor's Report

The firm Deloitte S.E.N.C.R.L./S.R.L. conducted the audit of our financial statements. The external auditor's report was unqualified and indicated that, in every significant aspect, the financial statements are an accurate portrait of the Town of Mount Royal's financial situation as at December 31, 2024, as well as of the results of its activities and the change in its net debt and cash flows for the fiscal year ending on this date, in compliance with Canadian public sector accounting standards.

Conclusion

These results attest to the Town's exemplary fiscal stewardship and its robust capacity to honor commitments, invest strategically in infrastructure, and consistently deliver high-quality services to residents.

Issued in Mount Royal, on the fifteenth day of July, two thousand twenty-five.

Your Mayor,
Peter J. Malouf

LOCAL BUSINESSES IN THE SPOTLIGHT: RH MONTRÉAL AT ROYALMOUNT AND HEADING FOR THE 2025 ALPHA GALA

The Town of Mount Royal is proud to highlight the remarkable momentum of our local businesses, driven by innovation, resilience, and ambition. The recent opening of **RH Montréal at Royalmount** is a prime example: much more than just a new business, it is a true crossroads between design, architecture, art, and hospitality, helping to promote Mount Royal as a major cultural and economic hub.

The mayor of Town of Mount Royal, Peter J. Malouf, was present at the official opening of this new space, praising an inspiring initiative that is part of the positive transformation of our territory.

This prestigious opening reflects the dynamism of our business community as we approach another highlight of our entrepreneurial calendar: the **Alpha 2025 Gala**, which will be held on **October 30**. Organized by the Saint-Laurent–Mount Royal Chamber of Commerce and Industry, this annual event celebrates the excellence of businesses in our sector and highlights the economic vitality of our community.

We are confident that TMR businesses will shine once again at this must-attend event.

LAUNCH OF THE REM

As of now, according to the most recent information provided by the REM, the launch of the new segment is scheduled for October. We are closely monitoring the situation and will keep you informed of any updates or changes as they become available.

Ask questions and voice your concerns at any time directly to REM.
