May 2024

About the questionnaire

- A 12-question questionnaire was prepared;
- Available on the TMR website;
- Accessible during a 10-day period in May 2024;
- Around 50 respondents.

What was raised

- The Beaumont sector is visited mainly for shopping and healthcare/well-being services;
- The current retail offer does not meet needs and lacks neighbourhood businesses and a diverse range of businesses;
- Including quality public spaces and green spaces when planning projects to improve neighbourhood life;
- Strong dependence on cars to get to Beaumont;
- Providing safer, more user-friendly facilities for pedestrians and cyclists.

Summary

The wishlist includes a diversified retail offer and improved green and public spaces.

Other ideas include encouraging active and sustainable mobility and increasing the feeling of safety and comfort.
