SPECIAL PLANNING PROGRAM (PPU) FOR THE BEAUMONT SECTOR

Town of Mount Royal has begun preparing a special planning program (PPU) for the Beaumont sector. Council is seeking ideas and comments from all stakeholders to guide its future actions and orientations.

WHAT IS A PPU?

A detailed, long-term planning document for a part of the Town for which significant changes are slated. The PPU sets out a vision and development orientations based on major issues in the area and on citizens' concerns, needs and expectations.

THE SECTOR

The area under study is the Beaumont sector. Located in the southeast part of the Town, it shares municipal borders with the Outremont and Villeray-Saint-Michel-Parc-Extension boroughs.

WHY BEAUMONT?

A strategic entry point to the Town, Beaumont is described as a "sector to be transformed" in the urban plan. The Beaumont PPU is being driven by major projects in the surrounding area, including the MIL campus and reconstruction of the Rockland Overpass. In the PPU, the Town wishes to consolidate various development initiatives while also improving the sector's economic vibrancy and the quality of life of its citizens.

THE STEPS

1. Conceptualizing and developing a portrait of the area;
2. Public participation process;
3. Developing the conceptual framework (the vision, the orientations, the objectives and the intervention strategies);
4. Implementing the regulatory framework and action plan.
