The By-law also promotes competition in order to obtain the best possible prices, while also taking into consideration the quality of the goods and services offered, delivery deadlines and supplier reliability.
2. **Scope** – Subject to the provisions of the *Cities and Towns Act*, this By-law applies to all contracts entered into by the Town as part of a contract awarding process. The By-law is binding on the municipal administration and its mandataries and all bidders and parties contracting with the Town.
3. **Objectives** – Pursuant to the provisions of the *Cities and Towns Act*, the Town hereby implements various measures to achieve the following:
 - i) ensure compliance with the applicable anti-bid-rigging laws and regulations;

 - iii) prevent intimidation, influence-peddling and corruption;
 - iv) prevent conflict-of-interest situations;
 - v) prevent any other situation likely to compromise the impartiality or objectivity of the call-for-tenders process or the management of the resulting contract;
 - vi) govern the making of decisions authorizing the amendment of a contract;
 - vii) promote rotation among prospective contracting parties for contracts that may be made by agreement under the rules adopted under the fourth paragraph and that involve an expenditure of at least \$25,000 but below the expenditure threshold for a contract that may be awarded only after a public call for tenders under section 573.
4. **Definitions** – In applying this By-law:

“administration” means an elected official, officer or employee of the Town;

5. **Ethics** – The administration and its mandataries make an undertaking to bidders and contracting parties to:
 - i) treat all participants fairly;
 - ii) ensure that the contracting process is transparent;
 - iii) avoid all conflicts of interest and other situations that could entail personal advantage or gain;
 - iv) refrain at all times from using their position to favour the awarding of a contract to a particular bidder;
 - v) conduct themselves with integrity and honesty;
 - vi) apply this By-law in the best interests of the Town.

6. **Confidentiality** – In all call-for-tenders or contract-awarding processes, the administration and its mandataries shall conduct themselves with absolute discretion and maintain the confidentiality of the information disclosed to them regarding the process. Specifically, they shall at all times refrain from disclosing information that reveals the number and identity of the persons who have submitted a bid or requested a copy of the invitation to tender, a document to which it refers or an additional document related thereto, until the opening of the tenders.

7. **Site visits and information sessions** – Organizing site visits or information sessions involving several bidders is forbidden. Should either be necessary, the person in charge shall arrange for individual visits or sessions with each bidder. Such visits or sessions shall be arranged on an appointment basis and a schedule shall be established to ensure that bidders do not meet one another.

All questions asked by a bidder during a visit or session shall be noted. Any questions and answers thereto that generate amendments to the specification requirements shall be provided to all bidders.

8. **Declaration** – When an officer or employee becomes aware that he or she has a relationship that may be perceived as conflicting with the interests of a prospective bidder in a call-for-tenders or contract-awarding process in which that officer or employee is involved, he or she shall immediately inform the Town Manager.

9. **Gifts and other benefits** – The administration and its mandataries shall refuse all gifts and other benefits offered by an enterprise or a supplier or by their representatives in connection with a call-for-tenders or contract-awarding process.

Subdivision II: Provisions Applicable to the Selection Committee

10. **Selection committee declaration** – The members of the selection committee shall declare, in writing, that no bidder or contracting party has attempted to communicate with them with a view to influencing them in their consideration, appreciation or recommendation respecting the awarding of the contract that was the subject of the call-for-tenders process.

11. **Member's declaration** – A member of a selection committee or the secretary shall immediately notify the Town Manager if he or she has a relationship that may be perceived as conflicting with the interests of one or more bidders, regardless of whether that relationship is familial, financial or of some other nature.

Division III: Obligations of Bidders and Contracting Parties

12. **Declaration** - During a call-for-tenders process, a bidder shall complete and sign the declaration that forms an integral part of the tendering documents and attached to this By-law, ensuring the veracity of the contents thereof to the best of his knowledge.
13. **Bidder's undertaking** – During the call-for-tenders process, a bidder or contracting party shall undertake that it and its subcontractors will not use the services of any person who took part in developing the call for tenders in response to which it submitted a tender or in preparing the contract that was awarded.
14. **Gifts and other benefits** – The bidder or contracting party is prohibited from offering a gift or other benefit to a member of the administration or to any of its mandataries in a call-for-tenders or contract-awarding process.
15. **Lobbying activities declaration** – A bidder, its mandatary or a contracting party shall declare that, if any communications aimed at influencing the awarding of a contract took place, they were in compliance with the Lobbying Transparency and Ethics Act (C.Q.L.R., c. Division IV: Contracts

Subdivision I: Provisions Applicable to All Contracts

16. **Contract management** – An amendment to a contract is permissible if it is ancillary to the contract, does not change the nature thereof and is not an element that should have been included in the initial contract.

However, an amendment resulting in an additional expenditure must be justified by the person in charge of the contract or the person who can approve the expenditure and it must be authorized in accordance with the applicable rules.

No project, requirement or order may be split up or apportioned in order to discriminate in favour of a contracting party, be exempted from a control procedure or avoid an obligation stipulated in this By-law.

- 16.1 **Measures to favour Quebec goods and services and Quebec-based establishments** – In conformance with section 124 of the *Act to establish a new development regime for the flood zones of lakes and watercourses, to temporarily grant municipalities powers enabling them to respond to certain needs and to amend various provisions* (SQ 2021, c. 7), this section shall remain in effect for a period of three (3) years, that is to say until June 25, 2024.

Without limiting the principles or the supplier rotation measures specified in this By-law and subject to reasons of sound management, when awarding a contract that includes an expenditure less than the threshold for a public call for tenders, the Town shall favour Quebec goods and services as well as suppliers, insurers and contractors having an establishment in Quebec, provided they can be found and are able to perform the contract.

(2021) 1458-2, s. 1

Subdivision II: Special Provisions Applicable to Contracts for More than \$25,000

17. **Call for tenders** – For a contract-awarding process involving an amount greater than \$50,000 but less than the threshold ordered by the Minister under section 573 of the Cities and Towns Act (C.Q.L.R., c. C-19), the tendering documents shall be provided by the person designated by the administration.

For any contract-awarding process involving an amount equal to or above the threshold determined by the Minister under section 573 of the Cities and Towns Act (C.Q.L.R., c. C-19), the tendering documents shall be provided through the Système électronique d'appel d'offres (SEAO).

(2022) 1458-3, s. 1

18. **Documents** – The tendering documents shall be prepared with due regard for fairness, objectiveness and clarity. All available information regarding a call for tenders shall be impartially and uniformly made available to all prospective bidders.
19. **Contracts** – The Town may grant any contract with an expenditure of at least \$25,000 but less than \$50,000 by mutual agreement.
(2021) 1458-1, s. 1
20. **Measures to ensure a rotation among potential contracting parties** - When awarding a contract by mutual agreement under section 19, the Town should strive to have the participation of the greatest possible number of companies among those who can meet its requirements and to encourage the rotation among contracting parties whenever possible.

However, the rotation must not compromise the sound management of public expenditures.

Division V: Administrative Provisions

21. **Town Manager** – The Town Manager is responsible for overseeing the application of this By-law and compliance herewith.

He or she shall inform every person in the administration who performs one or more tasks related to the awarding or management of municipal contracts of the rules established hereby
22. **Whistle-blowing** – Every member of the administration has the duty to report to the Town Manager any situation, conduct or action that could compromise the integrity of the contract-awarding process.
23. **Sanctions against the mandatary** – Besides imposing any penalty that may be stipulated in the contract binding the mandatary to the Town, the Town may unilaterally terminate the contract of a mandatary who violates this By-law.

In addition, the mandatary may no longer be invited to tender on a Town project or contract for a maximum period of three (3) years.
24. **Sanctions against the bidder** – A bidder who, directly or indirectly, violates any of its obligations imposed under this By-law may have its tender automatically rejected if justified by the seriousness of the violation.
